

# SNOW DAY BINGO CARD

## Year 4

### Maths

- ❖ Measure the snow depth around your garden in centimeters and convert it into meters ( $\div 100$ ) and millimeters ( $\times 10$ ).
- ❖ Make different sized snowballs and place them in bowls then time how long it takes them to melt. Which do you think will melt first?
- ❖ Make 3D shapes out of snow.

### English

- ❖ Complete the MyOn Reading Challenge.
- ❖ Write a setting description of the view from your bedroom.
- ❖ Write a story about a snowy adventure- how will you travel? What will you see? Does it end when the snow melts?

### Science

Can you change the state of the snow in your garden?  
How could you use snow to muffle sounds?

### Creative

Make a snow person.  
Build a mini-igloo.  
Make your own snow shoes.

### Physical

Go sledging on a safe hill.  
Make a snowball target.  
Go on a neighbourhood snowman hunt – if it is safe to do so.
